

TELLERMATE SECURITY RANGE

TSR DUO

Banknote Counterfeiting

Increased security surrounding credit/debit cards and electronic payment methods, is tempting fraudsters to return to banknote counterfeiting. Counterfeit banknotes can be confiscated by the bank and not reimbursed; making it essential that they are detected at point-of-sale. The TSR Duo from Tellermate improves counterfeit detection and helps to safeguard your cash revenues.

TSR Duo Benefits

- Relieves cashiers of the responsibility of recognising fake notes.
- More reliable than conventional methods.
- Protects cash revenues.
- Fast and simple to use.
- Deters fraudsters from trying to pass forged notes.
- Low maintenance.
- Compact and portable with cable free operation.
- Can be updated for new note types.
- Thorough checks prevent the embarrassment of refusing genuine notes.
